Red Devils Spill Grayling Vikings 37-20

BOTH TEAMS FOUGHT A VERY HARD GAME

Last Friday the East Jordan Red Devils defeated the Grayling Vikings, 37-20. Both teams fought a very hard game, and no one knew what the outcome would be, since East Jordan suffered two consecutive losses in the last two weeks, and Grayling has really been going to town. Although the Vikings had more height, our Red Devils made up for it in speed. Both teams are very good ball handlers.

During the first quarter the ball was tied up just about all the time. Grayling fought hard to get the ball, and although it was in our possession most of the time, their good defense kept us from shooting many baskets. The first period ended with East Jordan taking a one point lead of 4-3. In the second period, our team was able to break away from their opponents and rock up 13 points to Grayling's 4. This made the score 17-7 at the half. The third quarter was much like the second, with both teams fighting hard, but Jordan's speed and skill outmatched Grayling's height.

The score at the end of the third quarter was 31-14. In the last quarter, both teams scored 6 points and another notch was added to the Red Devils' victory belt. The Red Devils have shown much improvement since the last two games, and every one hopes they continue their winning streak. Don Whiteford and Jim Meredith tied for high point man, each having 8 to their credit. Trudeau of Grayling had 7.

The Grayling team brought to town one of the tallest teams seen here in a long time. From the very beginning of the game it was evident the Devils had thrown off the effects of their recent "pink eye disaster". It was a remarkable comeback to make against a team that figured on having easy pickings against East Jordan.

The second team is back on its feet again, defeating Grayling 24-16. Cooley was high point man for E. J., scoring 11. Warder had 6 for Grayling.

Look To Woodlot For Cheap Lumber

Before you buy any lumber for farm building repair, remodeling or new construction in 1950, look over your farm woodlot. The timber you need may be standing there in your own trees.

Lester E. Bell, Michigan State College extension forester, recommends cutting the trees yourself and having them sawed at a local sawmill, or calling in one of the portable sawmills to saw them right on your farm. A number of such sawmills are in operation in southern Michigan.

If you sell your trees standing in the woodlot, you lose about two-thirds of the income you could have earned for them. The only tools you need for harvesting trees on your farm are an axe, crosscut saw, several wedges and a maul, a tractor to skid and load the logs, and a truck or wagon to haul them to the sawmill.

The trees can be cut any time during the winter months when good weather will permit and you have the extra time to devote to this activity. The logs should be cut into lumber immediately. Lumber cut in the winter will have a chance to season for four to six months before warm weather brings on insects, stain and disease problems.

If you aren't sure whether your woodlot will furnish the lumber you need, you should contact your county agricultural agent. He can advise you or can give the name of the nearest farm forester, who will be glad to look over the woodlot and advise on your timber harvesting problems.

4-H Tractor School Under way

Bowling News

With one of their top bowlers hospitalized from a severe fall on the ice, Thorsen's Lumber fell victim to last years champions, St. Joseph's bowling team, as the Saints won 4 points to become the only team to beat Thorsen's since Dec. 19th and the only team to take all four points from the present leaders since the season started in September. In spite of their loss Thorsen's still have a comfortable lead as they remain 6 points ahead of the 2nd place team, Hillman's Insurance, who took four points from the fast slipping Cal's Tavern team. Cal's have now lost 12 straight points and are the only team in the league that can claim that honor.

The American Legion dampened the hopes of the Canning Co. after the Canners had made a drive to tie for second place. The Legionnaires won all 4 points from them. All but one on the Legion team had 500 or better as they shot games of 871-884-847 fo a big 2602 series.

Ellsworth Electric, Sommerville's Grocery and Brock's Turkey Farm took three points from the Recreation, Monarch Finer Foods and the State Bank, respectively. Brock's Turkey Farm aided, by a 67 pin handicap, scored a 2664 series on games of 869-904-891 and were beaten in their second game when the Bank rolled the third high team game of the year, 945, which was featured by Bob Campbell's 266 game which is the high single game for the year in the Merchant's League. Bob finished up with 628 for high series for the night also. Starting with 197, he then added his big 266 on a string of 9 strikes in a row after he had scored only nine pins in the first frame. His finishing effort gave him a 165.

Spin Cihak added to his first place lead in the individual standings as he had 212-167-205 for 584, tops for Sommerville's. Oscar Weisler was again high for the Saints with 511, while "Andy" Anderson topped the Lumber Co. with 487. Herb Peebles was high for Ellsworth Electric with 540, while Brock Peacock led the Turkey Growers on 558. Al Dougherer's 574 was tops for the Legion. Stu Atkinson had high for the local Canners with 518, Walter Rood taking the honors for the Monarch Canners with 499, while John DeYoung of Hillman's had 519 and Joe Wilkens of Cal's had 504.

Merchant's League Standings:

St. Joseph	36	40
Cal's Tavern	35	41
Brock's Turkey Farm	35	41
Monarch Finer Foods	34	42
Ellsworth Electric	31	45

In the Ladies League all six matches were decided by four point wins as Metal Products, State Bank, Norm's Tavern, Bachman's, Dress & Gift Shop and Home Modernizing took Cal's Tavern, St. Joseph's, Art Cleaners, Central Lake Torch, Quality Food and Rainbow Bar respectively.

Judy DesJardins rolled a 202, high single game for the night, then added 155 and 153 to give her 510 for top series for the league.

Ladies League Standings:

Rainbow Bar	33	39
St. Joseph	24	48
Home Modernizing	18	54

Jim Lilak topped the bowlers in the Inter-City League with a 594 series which included a 216 game as he helped Chris's Men's Wear to a 3 point win over Faas Foods. The Recreation was able to win only 2 points from Ray's Barbers, while Howard's Service bowled scores only, as Wolf's from Charlevoix failed to show up because of the ice storm.

The March of Dimes Head Pin Tournament drew a large entry. leads the ladies division with a three game total of 238, while Chris Taylor is tops for the men with 266.

This Sunday the two local teams in the Traveling League will journey to Grayling and Cadillac where Norm's Tavern and the Recreation will meet Spike's Keg O' Nails and the Cadillac Merchants.

Father & Son Banquet

The annual Father and Son Banquet, sponsored by East Jordan Rotary Club, will be held at the High School Gym on Wednesday, Feb. 15, at 6:30 p. m.

A fine program has been arranged and a large crowd is expected. Tickets are available from club members. Those planning on attending are urged to procure tickets early as the number, as in past years, is limited. This is one event greatly enjoyed by both dad and son. Don't miss it.

Mrs. Harriet E. Quirk

Mrs. Harriet Elizabeth Quirk, 73 years of age, passed away at her home in Wilson township Saturday night, Jan. 28th. Surviving are a son, Rolland A. The remains were taken to Manchester, Wednesday, where funeral services were held. Interment at Clinton Cemetery.

Surprise Party

A surprise party was held on Mr. and Mrs. Peter Boss Jan. 27, being their thirty-eighth wedding anniversary.

Friends and neighbors called in the evening. Cards were played and later a pot luck lunch was served.

Mr. and Mrs. Boss received many nice gifts. Everyone wished them many more happy anniversaries.

Plenty of Dogs Greet Officers

In the course of their duties, conservation officers answer a multitude of questions, but rarely do they have to wade through trash, junk, dogs and other obstacles to deliver requested information. One officer, who obviously will remain unidentified, says he got out of his car and made his way through an assorted collection of debris obstructing the approach to the house, only to get a rough welcome by four dogs on the porch.

Fighting them off, he knocked on the door and was greeted by five small children in various stages of undress. The kids were bowled over by two husky curs that rushed out of the house to get at the officer's legs. Finally the lady of the house appeared, putting on her robe as she did so, and invited him to enter. Claiming he did not mind the fresh air, he waited outside for her husband —thanking her just the same.

During the interval, two more dogs made a lunge for his legs, forcing him to retreat to the car. At last the man of the house appeared. Answering his questions as quickly as possible, the officer dodged around a large police dog, got into his car, and departed.

Marriages

Whiteford — Bennett

Mr. and Mrs. Hugh Whiteford announce the marriage of their daughter, Eulalie Suzanne, to Warren L. Bennett, son of Mrs. Ledah Bennett, Saturday, Jan. 28th, at Angola, Ind. Miss Natalie Whiteford, sister of the bride, Frances Sommerville, and Henry Eisinger of Flint were attendants.

The bride was graduated with the class of 1947 of the East Jordan High School.

Mr. and Mrs. Bennett will make their home in Flint where Mr. Bennett is employed.

Auxiliary Calls Special Meeting

Edna Wilkens, president of the Legion Auxiliary Unit 227, has called a special meeting on Friday, Feb. 3, at 8:00 p. m., in the new Legion home. All members are asked to be present.

Hounds "Tree" Tame Cat

Two hounds which make no distinction beeween a tomcat and a bobcat are getting a briefing on the fine points by one red-faced local hunter near St. Ignace.

Conservation officer Ray Walker reports the hunter, unidentified, bent on getting his first bobcat, found a fresh track a a short walk from his home. Cutting loose his highly regarded hounds, the chase started.

Shortly the two dogs were barking "tree." When the chagrined hunter caught up, he found the dogs barking at the kitchen door of a relative's home—and a tame tomcat spitting at the hounds from the roof.

POWER SPRAYER CLINIC FEBRUARY 7th

A full days program dealing with the power sprayer has been arranged for Feb. 7th, at the John Deere Store at Atwood, says Walter G. Kirkpatrick, County Agr'l Agent.

All companies that market power sprayers are cooperating in the days program including the various dealers throughout Antrim and Charlevoix Counties.

Every effort will be made to acquaint sprayer users with common toubles that are normally experienced in their daily operation.

The days program will begin at 10:00 o'clock in the morning with some very interesting motion pictures. Arrangements have been made to furnish lunch at noon at a very nominal charge. All orchardists and potato growers are usged to attend.

CHERRY PIE CONTESTS SCHEDULED

Cherry Pie Baking Contests have been scheduled for Antrim County, says Mrs. Virginia Vance, District Home Demonstration Agent.

Arrangements are being made with the Home Economics Institutions of all High Schools in the County to conduct such contests around each school. The winner of each local contest will compete for County honors on Friday afternoon, Feb. 10, at Bellaire.

That evening, the Home Economics Instructor and the representative from each area will be feted by the Bellaire Lions Club where County awards will be made. Each of the six young ladies in the County Contest will receive an Electric Mixer for the first place award.

Prizes are being made available through the Elk Rapids Packing Company of Elk Rapids, Faas Foods of Central Lake, and Reid, Murdock and Company of Ellsworth.

To enter the contest contestants must be girls fifteen and not over twenty-two years of age. She must be a resident of the county conducting the contest. Must furnish own materials except cherries which will be furnished. Pies should be appoximately 8½ inches in diameter and a depth of one and three-quarter inches.

The Sunday Church School begins at 9:45 each Sunday morning with classes for all ages. Last Sunday we tied the all-time record for attendance. We have steadily been gaining and there is still gain to be made.

This coming Sunday morning we are beginning a new and very important class in the school. This will be the Young Adult Group, which is a class for the parents of our children in this school, and other young adults in our community. A cordial invitation is extended to all to join us in this class.

During the Church Worship Service this coming Sunday morning our new elder elect, Walter Davis, will be ordained and installed on the Session. This is one of the fine and important services of our church which emphasizes the impotance of our laymen in the work of the church. We are urging all members to be present and participate in this service.

The Youth Fellowship Cabinet will meet in the Church Sunday evening at 5:00 p. m.

The Youth Fellowship will meet at 6:30 p. m.

The Junior Choir meets Wednesday afternoon at 3:45 in the Church.

The Wednesday Evening Circle will meet in the home of Mrs. Wm. Malpass, Wednesday evening, Feb. 8.

The Choir will rehearse Thursday evening at 7:00 p. m.

Bible Study Class meets in the Church, Thursday at 8:00 p. m.

The Friday Afternoon Circle will meet in the home of Mrs. Laura Malpass Friday afternoon, Feb. 10th.

Adult Sewing Class To Start

Plans are under way to start an adult class in beginning sewing at the East Jordan High School Homemaking Dept, commencing Feb. 6. This class will meet fom 7:30 to 9:30 p. m. on Mondays and will continue for eight lessons.

The class will be open to all women who are interested in learning to sew simple garments for themselves or for their children. During this class, emphasis will be placed on short cuts and simplified methods of sewing.

Agricultural Classes For Local Farmers

Night school classes for farmers of the East Jordan area are again going to be offered at the local school, according to Supt. of the school, E. E. Wade. The topic of dairying has been tentatively selected for study. Other topics may also be studied if there is enough interest. The organization meeting has been set for Feb. 13th, at 8 p. m. in the Agr'l Room of the East Jordan High School. Richard Schroeder, instructor of agriculture, will conduct the classes which will run for ten meetings. Everyone is urged to attend this free service of our local school.

SPRAYER OPERATORS CLINIC

A sprayer operators clinic is being planned for next Tuesday, Feb. 7, at the Klooster garage at Atwood from 9:30 a. m. to 4:30 p. m. Various sprayer manufacturers and dealers will participate. There will be movies, slides and demonstrations on the mechanical side of spraying. Both fruit and vegetable crops will be included. Anyone interested in attending this clinic will be very welcome.

FARM CROPS

"Cooperative" sounds to many folks like the magic key of solving a host of pressing farm problems. But, how many problems actually are, or can be solved by organizing a co-op?

Ed Rebman, county agr'l agent, reports that plans are now being made for discussion meetings on "Will Co-ops Solve the Farmers' Problem?"

A meeting has been scheduled at the Charlevoix High School Hot Lunch Room on Tuesday evening, at 8:30 p. m., Feb. 7th, for leaders of local discussion groups. At this meeting discussion leaders will review the topic of the latest in a series of discussion pamphlets from the Michigan State College extension service. Pro and con arguments on timely questions of agricultural policy are prepared for these pamphlets by Michigan State College extension specialists in agricultural economics. Supplies of the pamphlets will be available to leaders at the meeting.

The question of cooperatives is an especially timely one now, agent Rebman says, because of the financial "squeeze" farmers are experiencing. Prices paid to farmers have dropped much more rapidly than prices of goods they buy. One of the solutions often suggested to this program is to create more organized farmer marketing agencies.

Any discussion group can obtain copies of the discussion pamphlets. Civic, social, and industrial, as well as farm groups, have made effective use of previous issues in many Michigan communities.

VEGETABLE GROWERS TO MEET

A meeting has been scheduled on Thursday evening, Feb. 9, for all who are interested in the raising of vegetables. This meeting is to cover problems involved in the production of cucumbers, snap beans, sweet corn, carrots and red beets. A place for the meeting has not yet been set but it will probably be in East Jordan.

SUPPER AN UNQUALIFIED SUCCESS THANKS TO MANY CITIZENS

In spite of pouring rain the March of Dimes Pancake Supper proved an unqualified success and the Rotary Club, sponsors of the event, express a deeply grateful vote of thanks for the enthusiastic co-operation and help that was received on every side. Particular mention and thanks are extended to the grocery stores, the Creamery, the Hott and Miller dairies, and the management and staff of the Duck Inn for their generosity in supplying services and supplies; to those past-masters of the griddle, Phil Gothro, John Seiler and Oscar Light; to Bill Shepard, Jim Myers, Adolph Drapeau and Loyal Barber for the maple syrup—and to those hundreds who braved the weather in this worthy cause.

All of which again emphasizes East Jordan's capacity for unified community action when the occasion presents itself.

Celebrated Their 25 Wedding Anniversary at Muskegon Hts. Jan. 22

Mr. and Mrs. Howard Liddle of Muskegon Hts. celebrated their 25th wedding anniversary on Sunday, Jan. 22.

Mr. and Mrs. Wm. Zitka and Mr. and Mrs. Norbert Nachazel and family drove to Ann Arbor, Saturday, to get Margie and Edward Nachazel, all going to Muskegon where a dinner was served to nearest friends and relatives on Sunday.

Table was decorated with 25 beautiful red roses, a gift of the groom to his bride of 25 years. The afternoon was spent visiting and singing of songs which were enjoyed by all. Many beautiful gifts were received by the couple.

Then the Zitka and Nachazel families drove back to Ann Arbor and Detroit, where they visited relatives and friends, arriving home late Wednesday evening.

STOVES CAN BE KEPT LIKE NEW WITH RIGHT CARE

Do you know how to keep your electric range looking like new even though it may be several years old? It can be done with proper care, advises Evelyn Zwemer, who teaches home management at Michigan State College.

Electric Ranges finished in synthetic enamel or porcelain enamel require an occasional washing in warm soapy water. It is not advisable to wash the porcelain enamel when the range is hot. It will crack or check the enamel. Chromium-plated parts require only washing, drying and rubbing with a soft cloth.

When an acid, such as vinegar or lemon juice, is accidently spilled on the surface, wipe it off immediately with a damp cloth. Although progress has been made in producing acid-resistant porcelain enamels, acids allowed to remain on enamel may stain it or remove the gloss.

Foods spilled on closed units may be wiped off or, if necessary, removed with any mild abrasive. Food spilled on an open unit must be burned off and is best removed by charring during a regular cooking process. A stiff brush or sharp instrument should never be used because of the danger of injuring the heating coils.

Oven shelf supports and heat distributors, if they are removable, may be taken out and washed with soap and water. Spilled food should be removed as soon as the oven has cooled, using a mild abrasive if necessary. It is good practice to wipe out the oven with a damp cloth after baking or roasting, since greasy deposits will become burned on the lining and are difficult to remove.

Idle Lands Offer Wildlife Profits

Wildlife resources of "wet lands" can yield considerable return to some farmers either in fur take or in rentals for hunting and fishing, but farmers are failing to take advantage of them.

This opinion comes from M. D. Pirnie of Michigan State College's conservation institute, who spoke to Farmers' Week visitors in East Lansing this week.

Like crop lands, these idle wet lands very in quality, he states. While some might be drained for muck crops, some have too shallow a muck soil for profitable yields of onions or celery. In some instances marshes can be made into wildlife crop areas to include fish, waterfowl, and fur animals such as muskrat, beaver, mink and raccoon.

Where We Came In

Lesson for Feburary 5, 1950

A CIRCULAR LETTER came in the other day from a stranger who is hot and bothered because he has discovered that Jews and Negroes can belong to Christian churches along with white Americans. The astonishing thing is not that that should be true, but that any man should get excited over it. What astonished the Apostle Paul was not that Jews were in the Christian church but that anybody else could be! We must recall that Jesus was a Jew; that all the apostles were Jews; that the first Christian church at Jerusalem was composed exclusively of Jews.

Dr. Foreman

* * *

New Type

THE CHURCH AT ANTIOCH, one of the great commercial cities of the Roman world, was where we Gentiles came in. The writer is indebted to his former teacher, Dr. Charles Erdman, for noting four ways in which that church in Antioch was something new.

They had no Old Testament, they knew nothing of the Old Testament sacrifices, they had no interest in the Temple or in the history of Israel. Like most Gentiles, they had usually thought of the Jew as a quaint but unimportant minority group. Now that these Gentiles were in the same church with Jews, there would be plenty of room for trouble.

Could a church made up of such different races become a true Brotherhood? So the old mother-church at Jerusalem sent up Brother Barnabas to look around. Barnabas was not the church's most brilliant mind, but he had a heart full of faith.

* * *

New Leaders

GOD DOES NOT ALWAYS give the greatest successes to the "big names." Nowadays every one who knows his Bible knows Paul and Barnabas; but in Antioch both men were unknown at first, and untried.

When God wants a Reformation he calls forth a Luther, an obscure man who never fitted any of the existing priestly molds. When God wanted to open up Africa he called David Livingstone; when he wanted men for the far interior of Asia he called Hudson Taylor. When he wanted light to shine down into the slums he called William Booth.

These were all peculiar men by the standards of their times; but it takes peculiar men to break away from tradition's hearth-fire and break out new roads for the Gospel.

* * *

New Center

FOR SOME TIME Jerusalem was the capital of the Christian world. All roads led out from there, so to speak. With the rise of the Antioch church, however, a new center took the place of the old. Jerusalem withered away. In later times Alexandria led, and then other cities.

For a thousand years Rome and Constantinople were the acknowledged centers of the Christian world. Now we have also London—New York—Geneva . . . Many such centers have small beginnings. In America's early days the churches of Scotland sent over missionary offerings for the help of the struggling little church of New York.

In future years, who knows? Some church in Yunnan may be sending missionaries to the feeble folk left in the war-devastated ex-white world.

* * *

New Name

ANTIOCH is no longer a city of any importance. Missionaries go to it, not from it. But old Antioch left us something still cherished, a new name for believers: Christian. That name itself proves something.

It proves that the church in Antioch was something more than an aggregation of "churchmen." It was a family of Christ-men and Christ-women. These believers must have talked and lived something better than mere vague "religion." They talked of Christ, they loved Christ and they lived Christ, till even their busy neighbors took notice.

If your church had no name, and if your neighbors were to name it, and all the neighbors knew about it were you, by what name would they call it?

Dry Lot Combats Foot Rot Peril

Keeping the barnyard well-drained and providing plenty of straw in the shed are two simple precautions that will help prevent foot rot in cattle, Dr. B. J. Killham, Michigan State College extension veterinarian, advises.

Foot rot often occurs when cattle stand in barnyard mud for long periods. If lameness appears in one of the cattle, the skin should be examined for a break and the claws should be checked for sensitive areas.

Various treatments are used. It may help to wash the hoof and keep the animal in a clean, well-bedded stall. In the early stages of infection, the best practice is to have the foot treated by your local veterinarian.

PENINSULA....

(Edited by Mrs. Emma Hayden)

Mr. and Mrs. Clarence Staley are the proud parents of a baby son born Jan. 17th. He will answer to the name of Tommy Lee. Mrs. Hayden helped take care of the mother and baby. Mrs. Margaret Bennett helped while Mrs. Hayden had to take part in the P.-T. A. play.

Mrs. Conrad of Detroit, Mrs. Staley's mother, is spending a week with her.

Clare Loomis of Detroit spent last week end with his parents, Mr. and Mrs. R. Loomis.

Cash Hayden returned home from Grandview hospital after spending a month there with pneumonia.

Seventeen present at Sunday School. During Feb. we will meet at the Bennett home.

A lot of freak weather the past week. Strong winds, lots of rain and about ½ inch of sleet which broke down telephone lines, etc. It was a beautifua sight to see the sun on the sleet, but it sure did a lot of damage.

Mrs. Fred Sherman fell on the ice Thursday and severely injured her knee. They took her to the hospital for an x-ray but found no broken bones so she returned home.

Mrs. Harlow Sweet of Advance fell yesterday and dislocated her wrist while sweeping off the walk. Mrs. Loomis is helping care for her.

The logging crews finished cutting the logs on the Hayden farm the past week.

Steve Hayden was one of the 8th grade boys to play in the 8th grade tournament at Petoskey. They played St. Francis and lost.

The Pedro party was well attended at Star Saturday. There will be another in two weeks.

4-H Knitting Club met with Beth Reich Saturday. Next meeting Feb. 4th at Connie Russell's.

White Man Heap Crazy

A few years ago, an Oklahoma publication offered a prize for the best essay on two pictures it published: One was of a delapidated house and the other of a washed-out field. A Cherokee Indian won the prize—his philosophy has just as much meaning today as ever. Here is what he wrote:

"Both pictures show white man crazy. Make big tepee. Plow hill. Water wash. Wind blow soil, grass all gone. Squaw gone, papoose, too. No Chuckaway. No pig, no corn, no hay, no cow, no pony. Indian no plow land, keep grass. Buffalo eat grass. Indian eat buffalo. Hide make tepee, moccasions, too. Indian no make terrace. No build dam. No give dam. All time eat. No hunt job. No hitchhike. No ask relief. No shoot pig. Great Spirit make grass. Indian no waste anything. Indian no work. White man heap crazy."

COMFORTABLE CHILDBIRTH

Doctors can't promise painless childbirth or even a childbirth entirely without fear, but through psychological treatments they say it can be a comfortable experience. You can read about it in "Comfortable Childbirth", an article of vast importance to all women in this Sunday's (Feb. 5) issue of The Detroit Sunday Times.

Annual Tax Sale

STATE OF MICHIGAN

In the Circuit Court for the County of Charlevoix In Chancery. No. 167-4

In the Matter of the Petition of Murl K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the March term of this Court, to be held at Charlevoix in the County of Charlevoix State of Michigan, on the 6th day of March A. D. 1950, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Teasurer, or at such convenient place as shall be selected by him at the county seat of the County of Charlevoix, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Charles L. Brown, Circuit Judge, and the seal of said Circuit Court of Charlevoix County this 3rd day of January A. D., 1950.

Charles L. Brown,
Circuit Judge.

Countersigned,
Fenton R. Bulow, Clerk.

STATE OF MICHIGAN

In the Circuit Court for the County of Charlevoix In Chancery.

In the Matter of the Petition of Murl K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Charlevoix, in Chancery:

Murl K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act. No. 126 of the Public Acts of 1933, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the nonpayment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four percent and (d) $1.00 for expenses, all in accordance with the povisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court seem just and equitable.

And your petitioner will ever pray, etc.
Dated: December 29, 1949.

MURL K. ATEN
Auditor General of the State of Michigan, for and in behalf of said State.

VALLEY CHEMICAL CO.

Looking Backward . . .

JANUARY 29, 1910

The pride of every East Jordanite's heart are the two new industries, the East Jordan Chemical Works and Iron Furnace, which have been in pocess of construction the past two years and which are now under practically full headway. The two industries present a capital investment of $825,000 and employ between 300 and 400 men. The combined site of these two industries comprise 175 acres just north and west of town and what was known as the Burnham farm, and they have both railroad and deep water lake transportation facilities. The two plants are owned and controlled by separate organizations but very closely allied, each one being dependent upon the other. The East Jordan Chemical Co. is capitalized at $450,000 with N. S. Shaw, president; W. H. Matthews, vice-president; A. Cameran, manager and treasurer; and C. A. Webster, secretary'. It is the most modern Chemical plant in the world today, all the buildings being fire-proof and constructed of brick, steel and cement. The retort building is 70x300 feet, the still house is 70x130 feet, an acetate store house and pipe-fitting room, 50x100 feet. The yard contains five miles of switch tracks and two locomotives are owned and used by the Company on these tracks. The retort building contains 16 retorts. They manufacture charcoal, wood alcohol and acetate of lime and will use upward of 50,000 cords of wood per year. The Chemical Co. will employ about 200 men in the woods and about 75 in the plant. The East Jordan Furnace Co., manfacturer of Lake Superior Charcoal Pig Iron, are capitalized at $375,000 and officers are as follows: Chas. H. Shaffer, president, Marquette; Frank B. Baird, vice-president, Buffalo, N. Y.; W. J. Ellison, sec'y-treas., East Jordan; D. A. Crawford, ass't,sec'y, Chicago, Ill.; F. D. Tower, manager, East Jordan. They are now turning out 50 tons of their product each day. The casting house is 40x112 feet, stock house is 135x210 feet, engine house is 40x70. The furnace is now employing about 35 men.

To care for the many new families dependent on the Iron and Chemical Cos., a new company is being incorporated, known as the "East Jordan Land Improvement Co." A civil engineer has platted out the grounds around the old Burnham homestead, now owned by the above companies. Streets have been planned and the place christened "Orchard Heights". Work on buildings will commence in the spring and will commence as necessity demands.

The postoffice inspector was here this week and ratified the lease placing the postoffice in the building conctructed by Postmaster Kenyon, for the next ten years. The owner of the Herald to occupy the rear portion of the first floor as a newspaper office. The second floor will be occupied by the Michigan telephone company's local station; A. W. Frieberg, tailor; V. G. Holbeck, life insurance; and Kenyon insurance agency. A room on this floor has also been leased by our Villiage Council for a meeting place.

WEEKLY NEWS ANALYSIS

Attlee Promises 'Better' Socialism; Amvets Support GI Bonus Proposals; U.S. War Potentials Gains Recited

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

This is the Isbrandtsen ship line's "Flying Cloud" as it left its Hoboken pier to run the Chinese Nationalist blockade in Shanghai. It is a sister ship to the "Flying Arrow" which was heavily shelled by Chinese gunboats. The move was being made despite U. S. state department warnings to U. S. ships to stay out of the blocakade area. Inset is Captain Nicholas Dervin, skipper of the "Flying Cloud."

GREAT BRITAIN:
Attlee Stands Pat

On the surface, at least, there were no qualms over possible results and certainly no promises of reform as the Labor party in England loudly proclaimed that it would stand for more and "better" socialism if it were returned to power in the February elections.

OBVIOUSLY, the overthrow of the Socialists in Australia and, earlier, in New Zealand, didn't mean a thing to Prime Minister Clement Attlee and his administration.

The party in power in Great Britain laid down its platform in a 6,000-word manifesto. The platform included:

"Wise development" of the administration of government medical services and other welfare services (one of the most hotly-disputed of socialist innovations).

MUTUALIZATION of insurance—that is, ownership by policy-holders.

Jobs for all.

Increase in production, lowering costs and increasing imports.

More and cheaper food.

A home for every family.

No shelter for private enterprise "behind price rings and rigged markets."

EFFORTS FOR PEACE in a "realistic" manner, and willingness to cooperate with Russia, as "with any other country that is prepared to work for peace and friendship."

Strengthening of the association of the commonwealths and the Atlantic pact.

An ambitious program surely and one which must command some measure of respect if only for its declining to retreat in the face of what might seem to be a dangerous situation.

WAR POTENTIAL:
U. S. Gains Cited

While the national committee for aeronautics reported that "it is logical to assume" Russia is working hard to develop super-speed warplanes to deliver atomic weapons, it also reported continuing American gains in the "race for air leadership." The committee called for efforts to "consolidate these gains and push forward."

THE AGENCY reporting is the government's chief organization for basic aviation research and, consequently, should know what it is talking about.

The committee dropped one not-so-cheering note, however, by pointing out that any nation that wants to make the effort can build "practical military airplanes" able to fly faster than sound.

"Superior-speed," the report continued, "is generally acknowledged to be the most important single element in successful air attack and in defense against attack. Range also is important. The attainment of long range poses a most difficult problem."

AND THEN the report's punch line:

"As in the case of the atomic bomb, America cannot expect to enjoy an exclusive advantage—at best it can only plan by vigorous and timely research to stay ahead of any potential enemy . . ."

GIVEAWAY DUE
Potatoes

The government announced it was going to "give away" some of the enormous stocks of potatoes which it bought to keep prices up—but, as usual, there was a catch to it. Not everyone could get the potatoes, and it was not as "free" as it appeared.

THE POTATOES, it appeared, would go only to the school lunch program, the bureau of Indian affairs, public and private welfare agencies in this country and private agencies doing relief abroad. However, that was a move which should elicit no criticism, inasmuch as it savored more of intelligent government in action than most bureaucratic actions.

Here's the catch:

FOR the school lunch, and some private institutions, the "give-away" program means they will have to start paying something to get potatoes they once got without having to pay out a nickel. The reason for that, it was explained, is that for many years the government had a surplus-crop disposal program, for which congress appropriated funds. This meant commodities could be delivered to schools free.

Now, all that's changed, there is no free-delivery fund, so school lunches will have to pay transportation for its "free' commodities.

VETS' BONUS:
Added Support

The battle lines for the fight to obtain a bonus for veterans of World War II has been strengthened by support from the Amvets, a World War II organization.

Meanwhile, the Veterans of Foreign Wars renewed its long-standing bonus appeal.

THUS, two major veterans' organizations standing shoulder to shoulder on the proposition that the nation should reward their war services with a bonus.

Harold Russel, Amvets national commander, told the house veterans' affairs committee that "by every standard of equity the bonus is justifiable."

Certainly the GI's of Conflict Two had a precedence in the case of the Doughboys of World War I. And, remembering history, they would not be too disappointed at early delays, inasmuch as it took quite a time for the World War I veterans to obtain passage of a bonus bill.

THE AMVETS and the VFW were agreed that the rate of compensation for veterans should be $3 a day for service in this country, and $4 a day for service overseas. This would mean that a maximum bonus would be $4,500, with an extra bonus for men who were wounded in action.

The question of a bonus for men who have defended their country in time of war is one of the most difficult with which a people may wrestle. There is the vast gratitude and appreciation of service on the one hand, and on the other a conception of patriotism and duty, solidified most often by lack of necessary funds with which to reward the warriors.

SIMMERING DOWN
Little Chance Seen for Major Tax Hike

When a top Democrat in President Truman's administration calls for a three-billion-dollar cut in federal taxes, indications are that Mr. Truman's original plan for a tax hike has been abandoned.

When the President first proposed an increase in taxes, he was in a fighting mood. He had just been elected in his own right as President despite general opinion that he would be defeated, and his tax demands may have been in the manner of a challenge to congress. Since then Mr. Truman appears to have mellowed in his tax ideas.

The tax-slash proposal was made by senate finance committee Chairman George, a Georgia Democrat, who, at the same time, also called for government economy to erase half the anticipated deficit.

WEST PENINSULA. . .
(Edited by Mrs. Wm. Gaunt)

Without telephone service, the news is very scarce this week. The ice storm tore down different sections of telephone wires which left the Peninsula about stranded. We are all living with hopes that our service man will fix the wires soon.

Mr. and Mrs. Loyal Barber left for Lansing Saturday to attend Farmers' week this coming Monday.

Mrs. Harry Howard spent several days last week at Fremont visiting with her brother and family.

Mrs. Leslie Sheridan is spending a week visiting with her parents, Mr. and Mrs. Guy Barrett, who live at Conklin.

Tommy Sheridan was absent from school most of last week with a bad cold, but is much improved.

Farm Bureau meeting was held at the Henry Hammond home near the ferry Friday night. The were twelve present. Our county agent, Ed Rebman, was present and after the meeting he showed a movie picture. A pot luck lunch was served.

Can anyone explain what the weather is going to be next summer, when it thunders and lightnings in Jan. as it did on Jan. 25. We may be picking snowballs instead of strawberries next summer.

An oyster supper was served at the Peninsula Grange Hall Saturday night, Jan. 28, sponsored by the Farm Bureau. We appreciate the cooperation of the people who helped make it go over big. The money was turned over to the Polio Fund. The door prize was won by Jake Brock which was a lovely layer cake. Mr. Rebman, the county agent, had four sets of pictures to show the people which were very interesting.

Mrs. Walter Ross, who is helping Mrs. Anna Johnston at Boyne City the past week, spent Sunday with her husband at the Wm. Gaunt home. She returned to her work again Sunday evening. Mrs. Johnston is some better.

Robert Williamson and son, Eddie, of Petoskey, spent Sunday with Mr. and Mrs. Wm. Gaunt.

Mr. and Mrs. Howard Peters and son, Ronnie, spent Sunday with Mr. and Mrs. Wm. Gaunt, Sr.

Mrs. Bowerman's room made clever shadow pictures of Mother Goose Rhymes.

Mrs. Stokes' first graders dramatized the Three Billy Goat Gruffs and we certainly enjoyed that very much.

Audrey Chapman and Theora Evans spelled down their class last Thursday.

Jan Wilson stood up the longest in a number quiz in the second group.

Our narcissus is in blossom.

Julie Hubble crocheted a pretty rug for the doll house.

SECOND Grade — Agnes Johnston

The first semester of the school year ended last Friday. The children who were neither absent nor tardy for that period were: Glen Arnott, Douglas Lick and Alfred Nelson.

The following children were neither absent nor tardy for the last six weeks: Glen Arnott, Jeanette Fisher, James Gidley, Douglas Lick, William Malpass and Alfred Nelson.

SECOND and THIRD Grades — Adeline Bowerman

A suggestion was made in our third grade number books to find out about old coins not now in circulation. We were glad to have quite a few unusual coins brought in. Tony's mother, Mrs. Martinek, visited our class and brought some coins including a silver dollar and two- two dollar bills. Mrs. Bowerman showed us her three coin cards, one of Indian head pennies and two of Lincoln head pennies. The Indian head pennies date from 1863 to 1909. The Lincoln head pennies date from 1909 and include three pennies for nearly every year. Those pennies with no letter under the date are minted in Philadelphia, those with a tiny D are minted in Denver and those with a tiny S are minted in SanFrancisco. We still have not seen a two nor a three cent piece.

We had much fun doing shadow plays in our room and decided to give some of them for the Assembly last Thursday. Every child portrayed some Nursery Rhyme character on the screen. Now we are dramatizing some of the stories from our reading books. On Tuesday we gave the shadow play for the morning kindergartens.

To encourage a good review of our first semester spelling words the third graders invited Mrs. Hughes third grade to a spelldown. Jackie Kraemer in Mrs. Hughes' room could not be spelled down and Mary Ann Lehrbass and Janet DeHaven stood up for our side. With approximately 150 words, we think that is a pretty good record. On Monday the second grade spelled with Mrs. Johnston's group. At the close of the time Billy Malpass, Eula Zitka and Kenneth Touchstone were standing for Mrs. Johnston's room and standing for our room were Harold Hart, Herman Prevo, Bobby Sherman, Bruce Ogden, Dickie Clark, Roger Sweet, Larry Hayden and Sandra Gibbard.

Sandra Gibbard, Dickie Clark, Donna Neumann and Lauren Donaldson have perfect attendance records for the first semester .

THIRD Grade — Mrs. Hughes

The children enjoyed their day of vacation between semesters.

Several children haven't missed a day or been tardy since school started last fall. These children are: Phillip Wright, Delbert Sulak, and Carol Bailey.

We are proud of the third grade booklets on "America".

We enjoyed a spelldown with Mrs. Bowerman's room and Mrs. Hager's room.

One third of the children in this grade are finished with their first basic reader and ready to start "Tall Tales". Their workbooks are a credit to the room fo each has done very well with his.

FOURTH Grade — Mrs. Snyder

We have nearly finished our study of Egypt in social studies. It has been very interesting. We are making a large mural with colored chalk showing life along the Nile River. There are palm trees, boats, camels, shepards and sheep, irrigated fields, a shaduf, the sphinx and the pyramids, a Mohammedan mosque, and homes made of sun dried bricks. On our bulletin board we have many pictures showing scenes of Egypt and surrounding desert. We have read some good stories about Egypt from our new books, "Distant Doorways." Nickey Myers wrote a story for language one day.

Mrs. Galmore's fourth grade invited us to have gym with them today. We did a folk dance and then played basketball. They beat us 2-0.

FIFTH Grade — Elizabeth Dhaseleer

We saw two good movies last week. They helped us with our geography and our science. One of them showed how man has wasted much of our country's natural resources and how some of the damage which has been done can be repaired to some extent.

We have been busy working on our spelling. We had a test over the semester's words last Thursday.

Todd Reuling is leaving for Lansing on Sunday. We are sorry to lose him but he says he will be back in June.

Michigan celebrated 133 years of statehood on January 26. We are going to start a project on our state very soon.

We had our mid-year Weekly Reader tests last Thursday. Some of us are proud of our scores.

Mrs. Larsen's room let us share their gym period last week because Assembly was held during ours. The boys had a basketball game while the girls did folk dancing.

Why Should a Dollar's Worth of Travel Continue to Cost You $1.15?

"IS THIS TRIP NECESSARY?" you were asked in 1941, when every inch of space was needed for troops and war supplies.

To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of $250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, *over half* came out of your pocket *after* the green light on travel went on again.

You don't have food rationing today . . . you don't have gasoline rationing today.

Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying $4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over $300,000,000 a year —*freight tax alone.*

★ ★ ★

This tax should be repealed NOW. There is no longer any reason you should pay $1.15 for every dollar's worth of travel . . . $1.03 for every dollar of railroad freight.
